### airports in the surrounding area:

Verona (VRN), 71 km

Bergamo (BGY), 100 km

Milano Linate (LIN), 130 km

Milano Malpensa (MXP), 184 km

## Where can I find my keys?

Via del Lis is a small alley that is passable for pedestrians and cyclists but cannot be directly accessed by car.

If you arrive by car, please turn into via del Ruc at the “Hotel Meandro”, follow the road until the bend, turn right and drive past the yellow terraced houses and garages until you reach the car park at the via del Ruc/via del Lis passage. You can park there (also for loading/unloading) for 1 hour free of charge with a parking disc.

From the car park, you can walk through the gate directly onto via del Lis, on the right opposite, there is a wooden door with a combination lock set into the historic wall. This door is the entrance to the garden of “Villa del Lis”. At the top of the stairs between the pool and the lily pond, the key safes to the individual accommodation units are attached to the building in the door frame on the left.

The code for the combination lock of the wooden door and the code for the key safe will be communicated by e-mail/text message immediately before arrival. The keys will be made available in the safe on the day of arrival from check-in time at 16:00.

## **My key ring to “Villa del Lis”/location of the accommodation units:**

### **Room "Riparo Pompelmo":**

location on the ground floor of the main building

BLUE	front door car park and garden side
RED	room door
BLACK	black gate at the pedestrian passage car park “Villa del Lis”/via del Lis
WHITE	brown gate at the car entrance from via Repubblica 26

### **Room "Stanza Arancia":**

location on the ground floor of the main building

BLUE	front door car park and garden side
ORANGE	room door
BLACK	black gate at the pedestrian passage car park “Villa del Lis”/via del Lis
WHITE	brown gate at the car entrance from via Repubblica 26

### **Apartment "Rustico Limone":**

located in the historical part of the building (garden and ground floor), access on the garden side

BLUE	front door car park and garden side
YELLOW	apartment door
BLACK	black gate at the pedestrian passage car park “Villa del Lis”/via del Lis

The remote control for entering the car park and the garage door key (yellow) will be provided in the apartment (on the desk) at the time of check-in and must be left in the same place on the day of departure.

The key for the door of the rooftop terrace is on the inside of the door lock - please leave it in the lock.

### **Apartment “Mansarda Lime”:**

located on the top floor and attic of the main building

BLUE	front door car park and garden side
GREEN	apartment door
BLACK	black gate at the pedestrian passage car park “Villa del Lis”/via del Lis

The remote control for entering the car park and the garage door key (green) will be provided in the apartment (on the dining table) at the time of check-in and must be left in the same place on the day of departure.

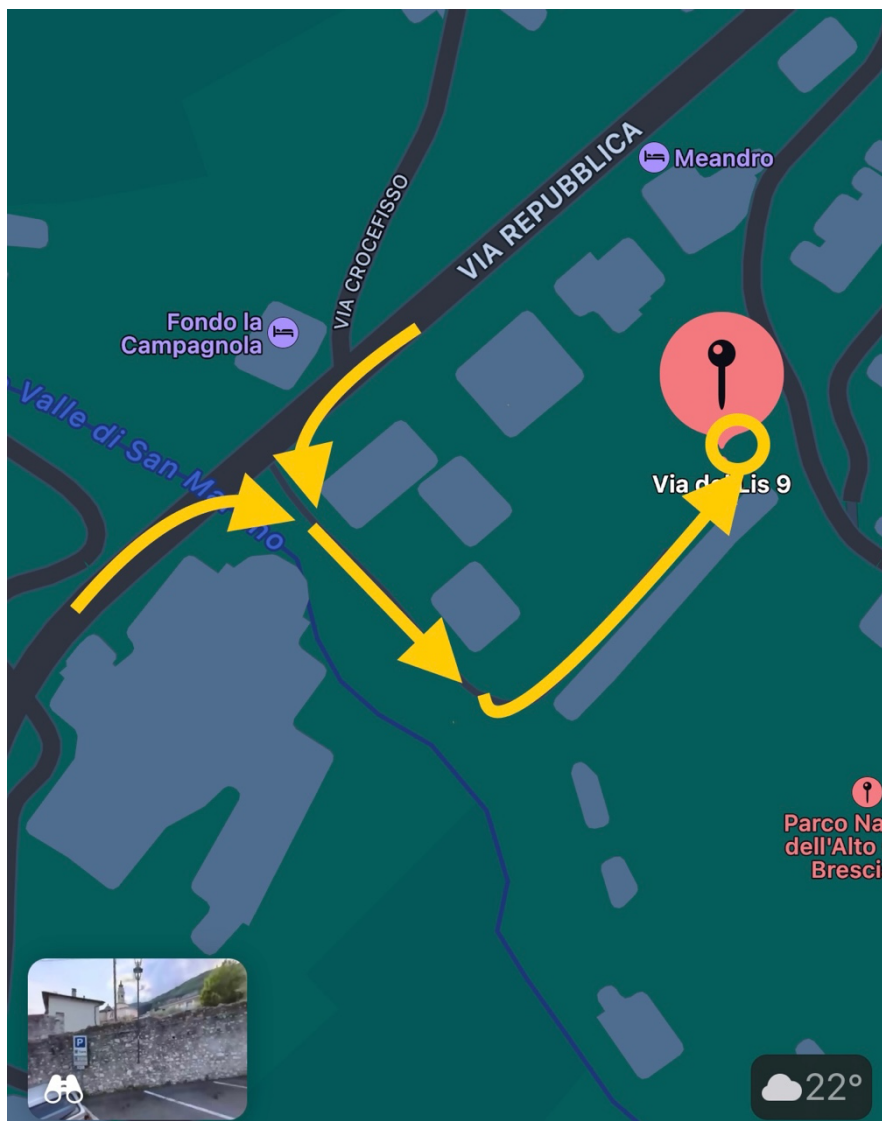

The key for the terrace door is on the hook in the passage to the kitchen.

**Please lock the house, room/apartment and terrace doors when leaving the building!**

## Car park rooms "Riparo Pompelmo" and "Stanza Arancia":

The rooms "Riparo Pompelmo" and "Stanza Arancia" each have a free parking space in front of the house.

Access to the car park is via Repubblica 26 and branches off opposite the "Fondo La Campagnola" coming from the north just before the large Gargnano cathedral/the traffic lights on the left, coming from the south just after the large Gargnano cathedral/the traffic lights on the right. Follow the road down to the brown gate (open the gate with the white key), after the gate turn left and follow the long building to the very end. Here you will find the parking area belonging to "Villa del Lis" on the left in the fenced-in area. The terrain passed before does not belong to "Villa del Lis", but to the neighbouring parts of the building - we therefore ask that you not to enter these areas/not to use them for turning around, the driveway itself must also always remain clear.

## Car park apartments "Rustico Limone" and "Mansarda Lime":

The apartments "Rustico Limone" and "Mansarda Lime" each have a free locked single garage in the parking garage "Le Fontanelle" (approx. 200 m away).

A remote control is required for the access to the car park, the individual garages are opened/closed manually by key. Remote control and key are provided in the apartments as mentioned above.

The car park is on via Rimembranza. To reach it by car, drive from the car park at the via del Ruc/via del Lis passage along the yellow terraced houses back to the bend in via del Ruc and then follow it to the right until you reach via Rimembranza.

The garage of the apartment "Mansarda Lime" is in the basement of the parking garage, access directly at the junction of via del Ruc with via Rimembranza (remote control), the garage is located in the middle on the left side (9th garage door from the front, no. 18). The door is marked with a green dot on the handle (green key, handle vertical = closed, handle horizontal = open).

The garage of the apartment "Rustico Limone" is on the ground floor of the car park, access from via Rimembranza. To reach it, turn left from via del Ruc into via Rimembranza, a few meters later you will find the entrance to the car park on the left (remote control), the garage is in the middle on the right side (10th garage door from the front). The door is marked with a yellow dot on the handle (yellow key, handle horizontal = closed, handle vertical = open).

To get back to "Villa del Lis", leave the car park and follow via Rimembranza southwards towards the centre of the village. Just after the entrance to the beach "Le Fontanelle" on the left, via del Lis branches off to the right. Follow this uphill, diagonally opposite the small car park used on arrival, you will be back at the wooden door (combination lock) to the garden area of "Villa del Lis" - alternatively, a few meters further on, through the old gate and the front garden with the large agave, you will enter "Villa del Lis" on the left (black gate/black key) via the front door on the car park side.
